# Timely Information

- A watch is geared towards utility

- It becomes part of your daily routine

- Cuts down on amount of information we see in one take

- Get access to information quickly, easily

## 5x

# Programming Language

# The Opening

"It really comes down to one word: courage. The courage to move on, do something new, that betters all of us. And our team has tremendous courage."

*Phill Schiller*

# Core Idea

**Great talks aren't always nerdy, low level code talks given by experts. They can be** exciting**,** *engaging* **talks that** <u>anyone</u> **can give on** <u>anything</u>**.**

**Rushing is bad. Take your time. Build better things.**
